JUDGMENT

The petitioner who is a building tenant in occupation of a building has filed this Writ Petition seeking to restrain the Government and also the landlords from what is described as forcibly dispossessing the petitioner from the building. Though interim relief was sought for this court did not become inclined to grant the same. The learned Government Pleader submits that the Government only invoked the provisions of the Land Acquisition Act so that the property including the building occupied by the petitioners could be acquired for a public purpose. No representation for the petitioner. According to me, the very locus standi of the petitioner to file the Writ Petition is very much in doubt. At any rate, since this court did not grant the stay, the reliefs sought for in the Writ Petition have become infructuous. Accordingly, the Writ Petition is dismissed as infructuous.
